

Georgia Association of Nursing Students' EKG - Space Reservation Form

Welcome from our 1st Vice President, Echo Fredrickson

Greetings and Welcome to the Georgia Association of Nursing Students 54th Annual Convention! I sincerely hope you enjoy your time in beautiful Columbus, Georgia and meet some new friends along the way! Convention is a time to develop new skills, to network with peers, future colleagues, and current professionals, to acquire new information, and to grow as an individual and as a future nurse! It is also a time to kick back, relax, and have some fun (that ohh, don't tell our professors!) Convention is also a time for individuals to come together and work toward achieving a common goal or to help others in need. I am excited about what the future holds for the Georgia Association of Nursing Students and I am confident that if we join together we will meet our goals and more!
